Ally Veres, Vice-President, Business Development and Capture, AEG Group Inc.

Treasurer, NDIA Great Lakes Chapter

Ally Veres is the Vice-President for Business Development and Capture for AEG Group. Mrs. Veres coordinates the long-term strategy, manages the company's strategic accounts as well as several long-term contracts and programs. She is responsible for developing a successful business model for the company and for implementing uniform processes and procedures for every department. Her responsibilities include business development and strategic growth initiatives for the IT and radio communication platforms that support the company's various military products, programs and services. Prior to her current position Mrs. Veres coordinated several major international projects through World Bank and the International Monetary Fund.

AEG Group Inc. is a Small Disadvantaged Women Owned Business based in Grayslake IL providing comprehensive turnkey solutions and professional services for the design, integration and deployment of wireless military systems. Mrs. Veres was instrumental in developing a new corporate strategy focused on military platforms and in increasing the company's involvement in the federal government arena. Under her direction, the government division developed long term contracts and very strong relationships with customers like: Defense Logistics Agency, US Air Force, US Army, NAWCAD, Northrop Grumman, URS, SAIC, General Dynamics (GDC4S), DynCorp International, BAE Systems and DRS C3&A, Land Systems. Mrs. Veres is also a member of AFCEA, AUSA, WID and NCMA. She also holds a Master's in Business Administration, with a Major in Operations, from Loyola University Chicago.
